we are still due for some street cleaning, Dave Toepper said yes, but we are waiting for more leaves to fall.

Fire Chief Michael Long For the month of September the Fire Department ran a total of 178 calls, 157 medical and 21 fire with 41 of those as mutual aid to surrounding communities. On October 7th we received a call for an unresponsive subject that turned into a full cardiac arrest. DC Fajman, if you could pass along thanks to Sargent Lane and Officers Velasquez and Cabazos, they were able to get their AED put on and help save a life. Thank you for all their help. Our 2nd annual Coloring Contest is underway and we will be drawing 3 winners on the 21st for a ride to school in the Fire Engine. Our Pancake Breakfast with Santa is coming up on November 26th and raffle tickets for that event should be going out in the mail in the coming weeks. Our floor drain project is well underway. Next Monday they will begin the process of applying the epoxy coating to the entire bay area. The Steger Fire Department would like extend our deepest condolences to the Muirhead family on the loss of James Muirhead. Chief Muirhead was the sitting fire chief for the Crete Fire Department and passed away suddenly, leaving his wife and two young children. His services were last Monday and Tuesday and were a fitting tribute to a man who gave 35 years to the Fire Service. He touched the lives of everyone he met and will be greatly missed.

What we have to add is: We will have extra patrols for Halloween, we also started our in-service training at the Police Department for our yearly mandates. Planning and Zoning Board of Appeals' Recommendation

[Attached]

**VILLAGE OF STEGER
PLANNING & ZONING BOARD OF APPEALS
RECOMMENDATION**

RE: Variance application to allow for the construction of a new one-family detached dwelling that (i) is less than eight thousand (8,000) square feet; (ii) has a front yard of less than twenty-five (25) feet, side yards of less than ten percent (10%) of the lot width or less than ten (10) feet, and a rear yard of less than ten (10) feet; (iii) has more than thirty-five percent (35%) of the lot area occupied by buildings and structures; and (iv) has a total floor area of less than the required square feet, on the Subject Property located in an R-2 One-Family Dwelling District within the Village of Steger, Illinois

President and Board of Trustees:

The Planning & Zoning Board of Appeals (“PZBA”) convened a public hearing at 6:30 p.m. on Thursday, October 12, 2023 to consider the petition of Sergio Apolinario and/or Quick Interior Trim Services LLC (the “Petitioner”) to vary from the standards regulating lot size, yard areas, lot coverage and dwelling standards set forth in Sections 6.4-3, 6.4-4, 6.4-5, and 6.4-6 (the “Variance”) of the “Comprehensive Amendment to the Zoning Ordinance of the Village of Steger, Illinois,” (the “Zoning Code”) and allow for the construction of a new one-family detached dwelling on the Subject Property (as defined below) (the “Proposed Use”), which is located in an R-2 ONE-FAMILY DWELLING DISTRICT. Proper notice of the public hearing was provided in accordance with Section 10.4.3 of the Zoning Ordinance.

During the public hearing, the Petitioner presented testimony, written materials and other evidence establishing that the Petitioner is the owner of the real property located at 3620 Green Street, Steger, Illinois (PIN: 23-15-05-221-036-000 and PIN: 23-15-05-221-036-000) (the “Subject Property”). Also, at the hearing, Petitioner presented satisfactory evidence to the PZBA in support of its request to vary from the requirements set forth in Sections 6.4-3, 6.4-4, 6.4-5, and 6.4-6 of the Zoning Code and allow for the construction of a new one-family detached dwelling that (i) is less than eight thousand (8,000) square feet; (ii) has a front yard of less than twenty-five (25) feet, side yards of less than ten percent (10%) of the lot width or less than ten (10) feet, and a rear yard of less than ten (10) feet; (iii) has more than thirty-five percent (35%) of the lot area occupied by buildings and

structures; and (iv) has a total floor area of less than the required square feet, on the Subject Property located in an R-2 One-Family Dwelling District.

Further, the Petitioner provided satisfactory evidence showing that: (a) the Proposed Use is consistent with existing uses in the general vicinity thereof; (b) the Subject Property is suitable for the Proposed Use; (c) the Variance will not negatively alter the essential character of the locality; (d) the Variance will not endanger the public safety; and (e) the Variance will not be detrimental to the public welfare or injurious to other property or improvements.

Based on the testimony, written materials and other evidence presented at the public hearing, the PZBA finds that the Proposed Use of the Subject Property will not: (1) endanger the public health, safety, morals, comfort, or general welfare of the public; (2) harm the use and enjoyment of other property in the immediate vicinity or damage neighboring property values; (3) impede the normal and orderly development and improvement of the surrounding property; and (4) alter the essential character of the area.

Therefore, the PZBA recommends to the President and Board of Trustees of the Village of Steger that it approve the Petitioner's application to allow for the Proposed Use.

THIS DOCUMENT PREPARED BY, AND
AFTER RECORDING RETURN TO:

This space reserved for Recorder's use only.

REDEVELOPMENT AGREEMENT

This Redevelopment Agreement (this “**Agreement**”) dated as of _____, 2023 (the “**Effective Date**”) by and between the **VILLAGE OF STEGER**, an Illinois municipal corporation, (“**Village**”) and **STEGER STORAGE, LLC**, an Illinois limited liability company, (“**Developer**”). The Village and Developer may, for convenience purposes only, be referred to as the “**Parties**” or each individually as a “**Party**.”

RECITALS

A. The Village is a duly constituted and existing municipality within the meaning of Section 1 of Article VII of the 1970 Constitution of the State of Illinois and is a “home rule unit” under Section 6 of Article VII of the 1970 Constitution.

B. As a unit of local government under the laws of the State of Illinois, the Village has the authority to promote and protect the health, safety and welfare of the Village and its residents, to prevent the spread of and eradicate blight, to encourage private development to enhance the local tax base, to create employment opportunities and to enter into contractual agreements with third parties to achieve these goals.

C. The Village has undertaken a program for the redevelopment of certain property within the Village, pursuant to the Tax Increment Allocation Redevelopment Act, 65 ILCS 5/11-74.4-1, *et seq.*, as amended (the “**TIF Act**” or “**Act**”) to, among other things, finance redevelopment projects in accordance with the TIF Act.

D. In accordance with the conditions and requirements set forth in the TIF Act, the Village, pursuant to Ordinances Numbered 1119, 1120, and 1121 (the “**TIF Ordinances**”), all adopted on March 7, 2016, approved a redevelopment plan and project (the “**Redevelopment Plan**”), setting forth a plan for the development, redevelopment and revitalization of the Redevelopment Project

Area; designated a redevelopment project area known as the Chicago Road Redevelopment Project Area (the “**Redevelopment Project Area**”); and adopted tax increment allocation financing for the Redevelopment Project Area.

E. Developer is the owner, lessee, contract purchaser or the nominee purchaser of an improved property located at 3601 Chicago Road, Steger, Illinois and legally described in Exhibit A, which is attached and incorporated into this Agreement, (the “**Property**”) and is within the boundaries of the Redevelopment Project Area.

F. In accordance with this Agreement and the Redevelopment Plan, Developer is proposing to convert an existing warehouse building into an approximately 111,000 square foot self-storage facility in Steger, Illinois, all as depicted in Exhibit B (the “**Improvements**”) and as more fully described herein (collectively, the “**Project**”).

G. To induce Developer to undertake the Project, the Village President and Board of Trustees (collectively, the “**Corporate Authorities**”) have determined that it is in the best interests of the Village and its residents to reimburse Developer for actual, documented Reimbursable Project Expenses (as defined below), which are further described and provided for in this Agreement, not exceeding the amount of the Village Incentive (as defined below).

H. The Corporate Authorities have determined that: (i) the Project would be, in all respects, consistent with and in furtherance of the Redevelopment Plan, (ii) the completion of the Project would not reasonably occur without the Village Incentive contemplated in this Agreement, and (iii) as a direct benefit of this Agreement and the construction of the Project, the equalized assessed value of the Property and the Redevelopment Project Area will increase.

I. Developer understands and acknowledges its legal obligation to pay *ad valorem* real estate taxes that will be levied by the various taxing districts authorized to levy taxes on the Property. Developer’s failure to meet its legal obligations and pay such *ad valorem* real estate taxes will result in a lack of property tax increment needed to pay Developer’s Share (as defined herein). Developer also acknowledges that if it chooses to contest the amount of *ad valorem* real estate taxes to be levied on the Property by the various taxing districts authorized to levy the same, there may be insufficient property tax revenues to pay Developer’s Share (as defined herein) or Developer’s Share may be reduced; provided however, the Parties acknowledge that nothing contained in this Agreement shall act as a restriction or limitation on Developer’s ability to contest the amount of *ad valorem* real estate taxes levied on the Property.

J. Subject to the terms and conditions of this Agreement, the Developer has agreed, in reliance on the Village’s commitments set forth in this Agreement, to complete the Project and take certain other actions, all in accordance with this Agreement.

K. Subject to the terms and conditions of this Agreement, the Village has agreed, in reliance on Developer’s commitments set forth in this Agreement, to provide the Village Incentive for the Project.

L. The Parties desire to enter into this Agreement to set forth the rights, duties, and obligations of and between the Parties regarding the undertaking and implementation of the Project and desire to establish certain conditions regarding the Village’s approval of the Project and the Village’s reimbursement of certain Reimbursable Project Costs from the Project Incremental Taxes (as defined herein).

M. The Village is authorized to enter into this Agreement and take all actions contemplated by it pursuant to the authority provided under the Act.

NOW, THEREFORE, in consideration of the mutual covenants and other good and valuable consideration, the receipt and sufficiency of which are acknowledged, the Parties agree as follows:

ARTICLE 1: RECITALS, DEFINITIONS AND TERM

Section 1.01. Recitals. The statements, representations, covenants and recitations set forth in the foregoing recitals are material to this Agreement and are incorporated into and made a part of this Agreement as though they were fully set forth herein. The parties acknowledge the accuracy and validity of such statements, representations, covenants and recitations.

Section 1.02. Definitions. All terms in this Agreement with initial capitalized letters shall have the meanings ascribed to them in Exhibit D of this Agreement.

Section 1.03. Term. This Agreement shall be in full force and effect from the Effective Date and shall continue in effect, unless earlier terminated pursuant to the terms of this Agreement, until the Developer has received the full amount of the Village Incentive or the December 31, 2040, whichever event occurs first (the “**Term**”).

ARTICLE 2: REPRESENTATIONS AND WARRANTIES

Section 2.01. Representations of the Village. The Village makes the following representations and warranties, which are true and correct on the date hereof:

A. Due Authority. The Village has full lawful right, power and authority, under current applicable law, to execute, deliver and perform the terms and obligations of this Agreement, and all of the foregoing have been or will be duly and validly authorized and approved by all necessary Village proceedings, findings and actions. Accordingly, this Agreement constitutes the legal, valid, and binding obligation of the Village, enforceable in accordance with its terms.

B. No Defaults or Violation of Law. The execution and delivery of this Agreement, the consummation of the transactions contemplated hereby, and the fulfillment of the terms and conditions hereof do not and will not conflict with or result in a breach of any of the terms or conditions of any agreement or instrument to which it is now a party, and do not and will not constitute a default under any of the foregoing. To the best of the Village’s knowledge, the TIF Ordinances, the Redevelopment Plan and the

Redevelopment Project Area have been adopted and approved in accordance with the Laws (as defined below).

C. Litigation. To the best of the Village's knowledge, there is no litigation, proceeding or investigation pending or threatened against the Village with respect to the Redevelopment Plan or this Agreement. In addition, to the best of the Village's knowledge, there is no other litigation, proceeding or investigation pending or threatened against the Village seeking to restrain, enjoin or in any way limit the approval or issuance and delivery of this Agreement or which would in any manner challenge or adversely affect the existence or powers of the Village to enter into and carry out the transactions described in or contemplated by the execution, delivery, validity or performance by the Village of the terms and provisions of this Agreement.

Section 2.02. Representations of Developer. Developer makes the following representations and warranties, which are true and correct on the date hereof:

A. Due Authority. Developer has all necessary power and authority to execute, deliver and perform the terms and obligations of this Agreement and to execute and deliver the documents required of Developer herein, and such execution and delivery have been duly and validly authorized and approved by all necessary proceedings. Accordingly, this Agreement constitutes the legal, valid, and binding obligation of Developer, enforceable in accordance with its terms.

B. No Defaults or Violation of Law. The execution and delivery of this Agreement, the consummation of the transactions contemplated hereby, and the fulfillment of the terms and conditions hereof do not and will not conflict with or result in a breach of any of the terms or conditions of any corporate or organizational restriction or of any agreement or instrument to which it is now a party, and do not and will not constitute a default under any of the foregoing or violate any Law.

C. Litigation. To the best of Developer's knowledge, there is no litigation, proceeding or investigation pending or threatened against Developer seeking to restrain, enjoin or in any way limit the approval or issuance and delivery of this Agreement or which would in any manner challenge or adversely affect the existence or powers of Developer to enter into and carry out the transactions described in or contemplated by the execution, delivery, validity or performance by Developer of the terms and provisions of this Agreement.

D. No Material Change. Developer has not experienced a materially adverse change in the business, financial position or results of its operations that could reasonably be expected to adversely affect Developer's ability to perform its obligations pursuant to this Agreement.

E. Corporate Consents. Except for the Governmental Approvals (as defined herein), no consent or approval is required to be obtained from, and no action need be taken by, or document filed with, any governmental body or corporate entity in connection

with the execution, delivery and performance by Developer of this Agreement.

F. No Default. No default or event of default has occurred and is continuing, and no event has occurred and is continuing which with the lapse of time or the giving of notice, or both, would constitute a default or an event of default in any material respect on the part of Developer under this Agreement, or any other material agreement or material instrument to which Developer is a party or by which Developer is bound.

G. Compliance with Laws. To the best of Developer's knowledge, Developer is complying in all material respects with all valid laws, ordinances, orders, decrees, decisions, rules, regulations, and requirements and resolutions of every duly constituted governmental authority, commission and court applicable to any of its affairs, business, operations as contemplated by this Agreement, including, without limitation, the Village Code (as defined below).

H. Other Disclosures. The information furnished to the Village by Developer in connection with the matters covered in this Agreement is true and correct, or is the result of good faith estimates where applicable, and does not contain any untrue statement of any material fact and does not omit to state any material fact required to be stated therein or necessary to make any statement made therein, in light of the circumstances under which it is made, not misleading. Developer represents and warrants that "but for" the incentives to be provided in this Agreement, it would not undertake the Project.

Section 2.03. Survival of Representations and Warranties. The Parties agree that all of their respective representations and warranties set forth in this Article 2 are true as of the Effective Date and will be true in all material respects at all times hereafter during the Term, except with respect to matters which have been disclosed in writing to and approved in writing by the other party or as otherwise specifically set forth herein.

ARTICLE 3: DEVELOPMENT OF THE PROJECT

Section 3.01. Developer Covenant to Redevelop. Developer, at its sole cost and expense, shall redevelop, construct and rehabilitate the Property and shall cause or has caused the Project to be completed on the Property in accordance with this Agreement (and all exhibits attached hereto), the Project Schedule, the Governmental Approvals, the Project Budget, the Redevelopment Plan and all Laws applicable to the Property, the Project and Developer. The covenants set forth in this Article 3 shall run with the land and be binding upon any transferee of the Property and shall be deemed satisfied upon acceptance by the Village of the respective Certificate of Substantial Completion as set forth in Section 3.10.

Section 3.02. Project Schedule. Absent an event of Force Majeure (see Section 8.14), Developer shall commence and substantially complete the Project, including the Improvements, in accordance with the schedule attached as Exhibit C (the "**Project Schedule**"). The Project Schedule may be modified as necessary by Developer with the prior written consent of the Village. The Project Schedule shall minimally contain specific benchmark dates for Developer's

commencement of the construction of the Project, and completion of the Project. Developer shall commence the construction of the Project within ninety (90) days of the Effective Date of this Agreement (the “**Project Commencement Date**”). Completion of the Project shall be evidenced by Developer or its authorized representative submitting a Certificate of Substantial Completion for approval by the Village no later than 365 calendar days after the Project Commencement Date, subject to Force Majeure. An event of Force Majeure shall not be deemed a material modification as contemplated by this Section 3.02.

Section 3.03. Plans and Specifications. The Developer shall submit or shall have submitted to the Village for its approval, the Plans and Specifications for the Project. The Plans and Specifications may be submitted in phases or stages. The Village shall review and approve the Plans and Specifications in an expedited and good faith manner. The Plans and Specifications shall be prepared and sealed by a professional engineer or architect licensed to practice in the State of Illinois. All construction practices and procedures with respect to the Project shall be in material conformity with all Laws. The Plans and Specifications shall be in sufficient completeness and detail to show that construction will be in material conformance with this Agreement.

A. Material Change. Any material change to the Plans and Specifications must be submitted to the Village for its written approval, which approval shall not be unreasonably withheld or delayed. The Village’s Administrator, or her designee, shall review and approve or disapprove any such proposed modification within thirty (30) days after submission by Developer. Any approved material change to the Plans and Specifications shall not be deemed to imply any obligation on the part of the Village to increase the Village Incentive or to provide any other additional assistance to Developer.

B. Limitation. The Village’s approval of the Plans and Specifications under Section 3.03 shall not apply to the building permit review process. Nothing in this Section is a substitute for and does not eliminate the requirement that Developer apply for and receive any or all necessary building permits for construction of the Project.

Section 3.04. Project Approvals.

A. Permits. Before Developer commences construction of the Project, Developer or its contractors or representatives shall, at their expense, secure or cause to be secured all applicable permits that may be required for the Project or for the portion of the Project to be performed, as required by all Laws (as defined below). The Village shall undertake a good faith review of the submissions for permits or approvals and provide comments to any submission of Developer within ten (10) business days after receipt of the permit application. The Village shall not oppose any application pending before another governmental body or agency, provided such application is consistent with all Legal Requirements (as defined below), subject to applicable variances as may be required for the construction of the Project in accordance with the Plans and Specifications. The Project Schedule shall be extended and enlarged on a day for day basis for all additional days taken by the Village to review the Plans and Specifications.

B. Compliance. The Project shall materially comply with all applicable federal, state,

county, municipal or administrative laws, ordinances, rules, regulations, codes, and orders, subject to applicable variances, as the case may be (collectively, the “**Legal Requirements**” or “**Laws**”) relating in any manner to the Project.

Section 3.05. Construction of Project. The Parties agree and acknowledge that the Project shall be completed in material conformance with the Plans and Specifications. Developer shall construct or cause the construction of the Project on the Property and in compliance with the covenants set forth herein. As fully set forth in the approved Plans and Specifications, the Improvements shall include those matters set forth in Exhibit B.

Section 3.06. Developer Standard of Care. Developer shall design and construct or cause to be designed and constructed the Project: (i) in a good and workmanlike manner and free of defects; and (ii) in accordance with all applicable Laws and the terms of this Agreement (including its exhibits and attachments).

Section 3.07. Contractors and Subcontractors. Developer shall not enter into any agreement or contract, the costs of which are eligible for reimbursement hereunder, that could be construed as self-dealing or negotiated on other than an arms-length, competitive basis. Any such agreement or contract, exclusive of professional services, shall be awarded through competitive bidding. Developer shall provide, within five (5) business days of written request by the Village, copies of all agreements and contracts with a third-party in connection with the Project.

Section 3.08. Governmental Approvals. Developer agrees to employ reasonable and good faith efforts to secure and comply with all Governmental Approvals, timely paying all application fees and submitting all applications and permits. The Village agrees to employ reasonable and good faith efforts to cooperate with Developer and to process and timely consider and respond to all applications for the Governmental Approvals as received, all in accordance with the Laws, including, without limitation, the applicable provisions of the Village Code and laws of the State of Illinois.

Section 3.09. Prevailing Wage Act. Developer shall comply with and shall require its contractor(s) to comply with the Illinois Prevailing Wage Act, 820 ILCS 130/0.01 *et seq.*, in relation to the development and construction of the Project with the Illinois Prevailing Wage Act, to the extent that it applies, shall be the obligation of Developer, and Developer shall indemnify and hold harmless the Village from and against liabilities that might attach for non-compliance by Developer or its contractor(s) or subcontractor(s).

The Prevailing Wage Act requires contractors and subcontractors to pay laborers, workers, and mechanics performing services on public works projects no less than the current “prevailing rate of wages” (hourly cash wages plus amount for fringe benefits) in the county where the work is performed. The Illinois Department of Labor (the “**Department**”) publishes the prevailing wage rates on its website at <http://labor.illinois.gov/>. The Department revises the prevailing wage rates and Developer’s contractors and subcontractors have an obligation to check the Department’s website for revisions to prevailing wage rates. Information regarding current prevailing wage rates is available at the Department’s website. All of Developer’s contractors and subcontractors rendering services contemplated by this Agreement must comply with all requirements of the

Prevailing Wage Act, including but not limited to, all wage requirements and notice and record keeping duties.

Section 3.10. Certificate of Substantial Completion.

A. Submission of Certificate. Promptly, and not more than thirty (30) business days after substantial completion of the Project in accordance with the provisions of this Agreement, Developer shall submit a certificate of substantial completion to the Village for the Project (the “**Certificate of Substantial Completion**”). The Certificate of Substantial Completion shall be in substantially the form attached as Exhibit E. The Village shall, within sixty (60) days following delivery of the Certificate of Substantial Completion, carry out such inspections as it deems necessary to verify to its reasonable satisfaction the accuracy of the certifications contained in the Certificate of Substantial Completion. Along with the Certificate of Substantial Completion, Developer shall provide sufficient lien waivers, sworn contractor’s affidavits, and other such documentation to evidence the completion of the Project. The Certificate of Substantial Completion shall be deemed accepted by the Village unless, prior to the end of the sixty (60)-day inspection period set forth above, the Village furnishes Developer with specific written objections to the status of the Project, describing such objections and the measures required to correct such objections in reasonable detail, which may include, as applicable, photographs or other documentary evidence. The time limits set forth in this paragraph shall be extended by the duration of time reasonably necessary for Developer to respond to such written objections by the Village; provided, however, that absent delays by Developer in responding to such objections, the Village shall accept or furnish written objections to the Certificate of Substantial Completion within the sixty (60)-day inspection period described above. Upon acceptance of the Certificate of Substantial Completion, which acceptance shall be conclusively determined upon the lapse of sixty (60) days after delivery thereof without any written objections thereto, Developer may record the Certificate of Substantial Completion with the Will County Recorder of Deeds, and the same, absent fraud, shall be conclusive evidence of the satisfaction of Developer’s agreements and covenants to construct the Project and Developer’s satisfaction of its obligations under this Article. Notwithstanding anything to the contrary contained herein, the Village shall have no obligation to issue a Certificate of Substantial Completion for the Project.

B. Limitation. The Certificate of Substantial Completion relates only to the construction of the Project, and upon issuance, the Village will certify that the terms of the Agreement specifically related to Developer’s obligation to complete such activities have been satisfied. All executory terms and conditions of this Agreement and all representations, warranties and covenants, except as limited above, contained herein will continue to remain in effect throughout the Term and the issuance of the Certificate of Substantial Completion shall not be construed as a waiver by the Village of any rights and remedies pursuant to such terms.

Section 3.11. Survival of Covenants. The covenants set forth in this Article 3 shall run with the land and be binding upon any successor in interest or transferee.

ARTICLE 4: FINANCING—SOURCE OF FUNDS

Section 4.01. Developer to Advance Project Costs. Developer agrees to advance all Project Costs as necessary to complete the Project on its behalf, subject to Developer’s right to seek reimbursement from the Village for Reimbursable Project Costs as provided herein. The Developer, upon the Village’s request in writing, shall provide proof of sufficient funds necessary to complete the Project in the form of bank statements or other commercially reasonable documentation as determined by the Developer in its reasonable discretion.

Section 4.02. Project Budget. The Project Costs are estimated to be at least Eleven Million Four Hundred Fifty Thousand Dollars and No Cents (\$11,450,000.00) (the “**Project Budget**”). The Village has approved the Project Budget setting forth the projected and anticipated Project Costs, and it is attached hereto as Exhibit F. Developer certifies to the Village that (i) the Village Incentive (as defined below), together with any Lender Financing and Equity, shall be sufficient to complete the Project, and (ii) the Project Budget, as may be amended with written approval from the Village, is and shall be true, correct and complete in all material respects.

Section 4.03. Source of Funds. The cost of the Project is estimated to be at least Eleven Million Four Hundred Fifty Thousand Dollars and No Cents (\$11,450,000.00) to be applied in the manner set forth in the Project Budget. Developer shall maintain no less than twenty-five percent (25%) of Equity in the Project. The Equity, the Lender Financing and the Village Incentive shall comprise the complete funding for the Project Budget.

Section 4.04. Equity/Lender Financing. Equity and/or Lender Financing may be used to pay any Project Costs, including but not limited to Reimbursable Project Costs. Developer, within five (5) days of the Effective Date shall disclose in writing to the Village the amount being paid as equity and being financed upon written request by the Village. Developer shall personally guaranteed any Developer.

Section 4.05. Village Assistance, Cooperation and Contribution.

A. Village Assistance and Cooperation. The Village agrees to carry out the terms and objectives of this Agreement by giving notices, holding hearings and considering the enactment of resolutions and ordinances and the amendments thereto, all at no cost to the Village.

B. Village Incentive. Subject to the terms of this Agreement, the Village agrees to reimburse the Developer exclusively for Reimbursable Project Costs related to the Project in an amount not to exceed Two Million One Hundred Thirty-Two Thousand Six Hundred Dollars and no Cents (\$2,132,600.00) (the “Village Incentive”) during the Term; provided that the Village receives at least Three Million Forty-Seven Thousand Dollars and No Cents (\$3,047,000.00) in Project Incremental Taxes (as defined below) during the Term. If the Village receives less than \$3,047,000.00 in Project Incremental Taxes during the Term, the maximum amount of the Village Incentive shall be reduced to seventy percent (70%) of the actual amount of Project Incremental Taxes that the Village receives from Will County. The Village Incentive shall be paid as set forth in this Agreement.

i. Determination of Reimbursable Project Costs for the Project. Concurrently with the submission of the Certificate of Substantial Completion for the Project, Developer shall provide to the Village the Certificate of Reimbursable Project Costs for the Project in substantially the form attached hereto as Exhibit G, along with all supporting information and documentation required by the Village to confirm that Developer has satisfied and discharged its obligations under this Agreement. The Village shall either accept or reject, with comments, the Certificate of Reimbursable Project Costs within thirty (30) days after the submission thereof. If the Village determines that any cost identified as a Reimbursable Project Cost is not a “redevelopment project cost” under the TIF Act, this Agreement or the Redevelopment Plan, the Village shall notify Developer in writing within this thirty (30)-day period, identifying the ineligible cost and the basis for determining the cost to be ineligible, whereupon Developer shall have the right (i) to challenge in writing the Village’s determination of ineligibility under the Act of certain submitted redevelopment project costs, or (ii) to identify and substitute other Project Costs as Reimbursable Project Costs with a supplemental application for payment, subject to the limitations of this Agreement and the TIF Act; provided, the Reimbursable Project Costs identified in the Project Budget, if they have been incurred by the Developer, are deemed to be “redevelopment project costs” under the TIF Act and are accepted by the Village. Within said thirty (30)-day period, the Village may also request such additional information from the Developer as may be reasonably required to process the requested reimbursement, and the time limits set forth in this paragraph shall be extended by the duration of time necessary for the Developer to respond to such request by the Village; provided, however, that absent delays by the Developer in responding to such requests, the Village shall issue its determination on the respective Certificate of Reimbursable Project Costs within the thirty (30) day period described above. If Developer challenges the Village’s determination that certain submitted redevelopment project costs are ineligible for reimbursement as a Reimbursable Project Cost, the Village shall present the challenged cost to the Village’s Board of Trustees (the “**Village Board**”) within seven (7) days after the Developer delivers the notice of challenge to the Village. The Village Board shall consider the challenged costs at its first regularly scheduled meeting of the Village Board after delivery of the notice of challenge and at that meeting, shall vote on the eligibility of the challenged costs for reimbursement. The Village Board’s determination as to whether the claimed redevelopment project costs are eligible for reimbursement shall be final. Notwithstanding anything contained herein to the contrary, Reimbursable Project Costs shall be limited to the expenditures of the Developer for each such line item identified as a “Reimbursable Project Cost” on Exhibit G, and Reimbursable Project Costs may be allocated to and transferred from one line item to another line item within the same improvement, without the prior written consent of the Village up to the maximum aggregate amount established for the Project. The maximum aggregate amount of approved Reimbursable Project Costs shall not exceed the amount of the Village Incentive.

ii. Developer’s Payment. The Village’s payments to Developer solely from the Developer’s Share of Project Incremental Taxes shall be made once annually starting on April 1st following the approval of the Certificate of Reimbursable Project Costs. Subsequent payments to Developer shall be made on each subsequent April 1st or until: (i) the Village has fully paid the Village Incentive to the Developer, (ii) the expiration of the

Term, or (iii) the early termination of this Agreement, whichever event occurs first. All payments are subject to the terms, conditions and limitations contained in this Agreement. The Village's obligation to make annual payments to Developer by April 1st of a calendar year is subject to sufficient Available Project Incremental Taxes (as defined below) being deposited into the Sub-Account (as defined below) for such payments. If, at the expiration of the Term or early termination of the Agreement, any outstanding financial obligation under this Agreement exists, such outstanding financial obligation shall be forgiven in full by the Developer, and the Village shall have no obligation to pay such outstanding financial obligation upon the expiration of the Term.

C. No General Obligation. Developer acknowledges and agrees to the following: Any incentives provided by the Village hereunder shall not constitute a general obligation of the Village, nor shall it be secured by the full faith and credit of the Village. Any Village Incentives to be paid shall be payable solely from Developer's Share of Project Incremental Taxes deposited from time to time into the Sub-Account. Insufficiency of funds in the Sub-Account to allow the Village to pay any incentive when due shall not be a default thereon. The Village's obligation to pay any incentive is contingent upon satisfaction of the terms and conditions of this Agreement. The Village shall have no obligation to pay any Village Incentive, if there exists an event of default which is continuing. The Village shall be under no obligation to make any payments prior to its receipt and approval of Exhibit F.

D. Conditional Grant. The Village's obligation to pay the Village Incentive is contingent upon Developer satisfying the terms and conditions of this Agreement. The Village shall have no obligation to pay the Village Incentive if Developer fails to perform or discharge its obligations under this Agreement and Developer's nonperformance is continuing.

E. Documentation. The Village shall place and keep on file with the office of the Village Clerk all documentation received and distributed pursuant to this Article. Any documents normally exempt from disclosure under the Freedom of Information Act (5 ILCS 140/1.1, et seq.) shall be kept from general disclosure to the extent permitted by Law.

F. Request Made During Default. Notwithstanding any other provisions of this Agreement, the Village shall have no obligation to accept any Request for Reimbursement and no obligation to make any payments if Developer is in Default of this Agreement after written notice and expiration of the applicable cure period, including, without limitation, not being in material compliance with the Laws, Project Schedule, or the Plans and Specifications.

ARTICLE 5: COLLECTION AND USE OF INCREMENTAL TAXES

Section 5.01. Source of Village Incentive. The Village Incentive pledged by the Village pursuant to this Agreement to reimburse for Reimbursable Project Costs shall be paid solely from the Developer's Share of Project Incremental Taxes (as defined below) generated in accordance with the TIF Ordinances.

Section 5.02. Special Tax Allocation Fund. The Village has or will establish and exclusively maintain a special tax allocation fund, as required by the Act, for the deposit of

Incremental Taxes received by the Village (the “STAF”) from the Redevelopment Project Area. The Village has or will promptly establish and maintain a sub-account within the STAF for the deposit of Project Incremental Taxes (as defined below) (the “Sub-Account”).

Section 5.03. Project Incremental Taxes; Developer’s Share of Project Incremental Taxes; the Village’s Share of Project Incremental Taxes. In consideration of Developer undertaking and completing its obligations under this Agreement, the Village agrees to reserve and annually pledge and pay to Developer the Developer’s Share of Project Incremental Taxes until: (i) Developer has been paid in full the Village Incentive, (ii) the expiration of the Term, or (iii) the early termination of this Agreement, whichever event first occurs.

A. Project Incremental Taxes. “**Project Incremental Taxes**” shall mean one hundred percent (100%) of the *ad valorem* real estate taxes levied on the Property, collected by the County, and paid to the Village pursuant to the TIF Ordinances and Section 11-74.4-8(b) of the Act, and deposited by the Village into the Sub-Account. Project Incremental Taxes are comprised of the Developer’s Share of Project Incremental Taxes (as defined below) and the Village’s Share of Project Incremental Taxes (as defined below).

B. Administrative Fee. There shall be no administrative fee. The Project Incremental Taxes are also referred to herein as the “**Available Project Incremental Taxes**” and shall be disbursed in accordance with Section 5.03(C) of this Agreement.

C. Distribution of Available Project Incremental Taxes. “**Developer’s Share of Project Incremental Taxes**” or the “**Developer’s Share**” shall mean seventy percent (70%) of the Available Project Incremental Taxes. The “**Village’s Share of Project Incremental Taxes**” or the “**Village’s Share**” shall mean the remaining amount of Available Project Incremental Taxes in the Sub-Account after the payment of the Developer’s Share. As set forth below, the payment of Developer’s Share is limited by the provisions of the Act and this Agreement.

ARTICLE 6: GENERAL COVENANTS

Section 6.01. Indemnification. Developer agrees to indemnify, defend and hold the Village, its employees, agents, independent contractors and consultants (collectively, the “**Indemnified Parties**”) harmless from and against any losses, costs, damages, liabilities, claims, suits, actions, causes of action and expenses (including, without limitation, reasonable attorneys’ fees and court costs), save those caused by the acts or omissions of the Indemnified Parties, suffered or incurred by the indemnitee arising from or in connection with: (i) the indemnitor’s failure to comply with any of the terms, covenants and conditions contained within this Agreement, (ii) the existence of any material misrepresentation or omission in this Agreement, including exhibits, that is the result of information supplied or omitted by the indemnitor or its agents, employees, contractors or persons acting under the control or at the request of the indemnitor, or (iii) the indemnitor’s failure to cure any misrepresentation by the indemnitor in this Agreement.

A. Environmental Indemnity. Developer further agree to indemnify, defend and hold the Village's Indemnified Parties harmless from and against any and all losses, liabilities, damages, injuries, costs, expenses, or claims of any kind whatsoever, including without limitation, any losses, liabilities, damages, injuries, costs, expenses or claims, save those caused by the acts or omissions of the Village's Indemnified Parties, asserted or arising under any Environmental Laws incurred, suffered by or asserted against the Village's Indemnified Parties as a direct result of any of the following, regardless of whether or not caused by, or within the control of Developer: (i) the presence of any Hazardous Material on or under, or the escape, seepage, leakage, spillage, emission, discharge or release of any Hazardous Material from all or any portion of the Property; or (ii) any liens against the Property permitted or imposed by any Environmental Laws, or any actual or asserted liability or obligation of the Village or Developer or any of its affiliates under any Environmental Laws relating to the Property.

B. Waiver. To the fullest extent permitted by Law, Developer waive any limits to the amount of its obligations to indemnify, defend or contribute to any sums due under any losses, costs, damages, liabilities, claims, suits, actions, causes of action and expenses, including any claim by any employee of Developer that may be subject to the Workers' Compensation Act, 820 ILCS 305/1 *et seq.* or any other related law or judicial decision.

C. Survivability. The rights and obligations under this Section 6.01 shall survive the termination or expiration of this Agreement with respect to any and all facts, events or circumstances occurring or arising prior to such expiration or termination.

D. Additional Obligations. The parties acknowledge and agree that obligations under this Section 6.01 are in addition to any other obligations of a party under this Agreement.

Section 6.02. Insurance. Developer, if directed by the Village in writing, shall procure and maintain at Developer's sole cost and expense, or cause to be provided and maintained, during the Term, the types and limits of insurance specified below, covering all operations under this Agreement, whether performed by Developer or by Developer's Agent.

A. During Construction. From the commencement of any of construction of the Project until issuance of the Certificates of Substantial Completion, Developer shall procure and maintain:

i. Workers Compensation and Employers Liability Insurance. Worker's Compensation Insurance, in accordance with the laws of the State of Illinois, with statutory limits covering all employees providing services under this Agreement and Employer's Liability Insurance with limits not less than \$1,000,000.00 each accident or illness. The Village is to be named as an additional insured on a primary, non-contributory basis.

ii. Commercial General Liability Insurance. Commercial General Liability Insurance with not less than \$2,000,000.00 combined single limits per

occurrence and aggregate for bodily injury, property damage, and personal injury, including, but not limited to, coverage for premises/operations, products/completed operations, broad form property damage, independent contractors, contractual liability, and explosion/collapse/underground hazards. The Village is to be named as an additional insured on a primary, non-contributory basis.

iii. *Automobile Liability Insurance.* Commercial Automobile Liability Insurance, covering all owned, non-owned, and hired vehicles, including the loading and unloading thereof, with limits not less than \$1,000,000.00 combined single limit per occurrence for bodily injury and property damage. The Village is to be named as an additional insured on a primary, non-contributory basis.

iv. *All Risk/Builders Risk.* When Developer undertakes any construction, Developer must provide or cause to be provided All Risk/Builders Risk Insurance at replacement costs for materials, supplies, equipment, machinery and fixtures that are or will be part of the Project. The Village is to be named as an additional insured and loss payee if applicable.

v. *Professional Liability.* When any architects, engineers, construction managers, or other professional consultants perform work in connection with this Agreement, Professional Liability Insurance covering acts, errors, or omissions must be maintained with limits of not less than \$1,000,000.00, including contractual liability. When policies are renewed or replaced, the policy retroactive date must coincide with, or precede, start of work on the Project.

vi. *Valuable Papers.* When any plans, designs, drawings, specifications and documents are produced or used under this Agreement, Valuable Papers Insurance must be maintained in an amount sufficient to pay for the recreation, reconstruction, or restoration of any and all records related to the Project.

vii. *Independent Contractors and Subcontractors.* Developer shall require all independent contractors and subcontractors to procure and maintain insurance as required and submit documentation of the maintenance of such insurance from time to time as required herein.

B. Post-Construction. After the issuance of the Certificates of Substantial Completion, Developer shall procure and maintain the following:

C. General Insurance Requirements. Unless otherwise provided above, all insurance policies required pursuant to this Agreement shall:

- ii. Be issued by a company or companies authorized to do business in the State of Illinois with a Best's rating of no less than A:VII;
- iii. Waive all rights of subrogation of insurers against the Village, its employees, elected officials, and agents; and
- iv. Specifically name Developer as a named insured.

D. Certificates. Within ten (10) days of the Effective Date and by December 31st of each calendar year thereafter in which the Agreement is in effect, Developer shall furnish the Village with a certificate(s) of insurance effecting coverage as required under this Section 6.02. In addition, Developer shall annually furnish the Village copies of receipts for payments of premiums regarding such policies. The receipt of any certificate does not constitute agreement by the Village that the insurance requirements in the Agreement have been fully met or that the insurance policies indicated on the certificate are in compliance with the Agreement. The failure of the Village to obtain certificates or other insurance evidence is not a waiver by the Village of any requirements for Developer to obtain and maintain the specified coverages. Non-conforming insurance constitutes an Event of Default.

E. Deductibles. Any deductibles or referenced insurance coverages must be borne by Developer or its independent contractors or subcontractors.

F. No Offset or Contribution. The insurance requirements set forth in this Section 6.02 shall in no way limit or be used to offset against Developer's indemnification obligations under this Agreement.

Section 6.03. Maintaining Records/Right to Inspection. Developer for the Term shall keep and maintain separate, complete, accurate and detailed books and records necessary to reflect and fully disclose the total actual cost of the Project and the disposition of all funds from whatever source allocated thereto, and to monitor the Project. All such books, records and other documents pertaining to the Project shall be available at Developer's offices for inspection, copying, audit and examination by an authorized representative of the Village. With respect to contracts covering Reimbursable Project Costs, Developer shall utilize commercially reasonable efforts to incorporate this right to inspect, copy, audit and examine all books and records into all contracts entered into by Developer with respect to the Project.

Developer reasonably projects the Project to: (1) create ___ number of jobs, (2) create approximately _____ Dollars (\$_____) of Project Incremental Taxes through collection year 20___; and (3) generate a ___% internal rate of return assuming receipt of all of the Village Incentive. Developer shall report the following information in writing to the Village on an annual basis, on each December 31st after the Effective Date (which report shall

apply to the prior calendar year), with regard to the Project as of the date of the report: (i) the number of jobs created to date, under the same guidelines and assumptions that were used for the projections at the time of approval of this Agreement or as may be reported by tenants occupying Project buildings; and (ii) the amounts of Project Incremental Taxes generated during the reporting period and to date, using the same assumptions as was used for the projections used at the time of the approval of this Agreement. Developer shall timely provide additional materials and information reasonably requested by the Village regarding Developer's projections and reports made under this Section 6.03 including such materials and information as needed by the Village to comply with its reporting obligations under Section 5(d) of the TIF Act, 65 ILCS 5/11-74.4-5(d), as amended from time to time including, but not limited to, materials and information for the use of a third-party chosen by the Village to independently verify the Project's rate of return.

Section 6.04. Maintenance and Use. During the Term, Developer shall cause all improvements on the Property to be maintained, preserved and kept in good repair and working order and in compliance with the Laws.

Section 6.05. Real Estate Provisions. Developer shall pay or cause to be paid when due all Governmental Charges which are assessed or imposed upon the Developer, the Project or the Property, or which become due and payable. Further, after issuance of the Certificates of Substantial Completion, Developer may make additions, alterations and changes to the Project so long as such additions, alterations and changes are made in compliance with all applicable Laws, this Agreement, the Redevelopment Plan, and as long as such additions, alterations and changes to the Project do not have a material adverse effect on the market value of the Project or the Property.

A. Prohibition on Exemption. With respect to the Property or the Project, neither the Developer nor any agent, representative, lessee, tenant, assignee, transferee or successor in interest to Developer shall seek or authorize any exemption (as such term is used and defined in the Illinois Constitution, Article IX, Section 6 (1970)), during the Term.

B. Inducement. The covenants of this Section 6.05 shall be construed and interpreted as an express agreement by Developer with the Village that an incentive inducing the Village to enter into the rights and obligations of this Agreement is to increase the equalized assessed valuation of the Property, including the Project.

Section 6.06. Environmental Covenants. Developer covenants that (i) the construction, development and operations of the Project will materially comply with all Environmental Laws; (ii) Developer shall promptly notify the Village upon becoming aware of any investigation, proceeding, complaint order, directive, claim, citation or notice by any governmental authority or any other person which is directed or threatened against the Project and/or the Property and Developer shall take prompt and appropriate actions to respond thereto; and (iii) Developer shall promptly notify the Village upon becoming aware of any non-compliance with or violation of the requirements of any Environmental Law or the release, spill, or discharge, threatened or actual, of any Hazardous Materials on the Property. Developer shall secure an NFR or NFA for the Property as applicable and this obligation shall be reflected in the Redevelopment Plan.

Section 6.07. Prohibition on Certain Liens. Developer agrees that no mechanics' or other liens, unrelated to the financing of the Project, shall be established or remain against the Project or the Property, or the funds in connection with the Project, for labor or materials furnished in connection with any acquisition, construction, additions, modifications, improvements, repairs, renewals or replacements so made. However, Developer shall not be in default if mechanics' or other liens are filed or established and Developer contests in good faith said mechanics' liens and in such event may permit the items so contested to remain undischarged and unsatisfied during the period of such contest and any appeal therefrom. Developer hereby agrees and covenants to indemnify and hold harmless the Village in the event any liens are filed against the Project because of acts of Developer, its agents or independent contractors.

Section 6.08. Survival of Covenants. The covenants set forth in this Article 6 shall run with the land, be binding upon any successor in interest or transferee, and remain in effect during the Term.

ARTICLE 7: DEFAULTS AND REMEDIES

Section 7.01. Events of Default; Remedies; Cure.

A. Event of Default. The occurrence of any one or more of the following events, subject to the provisions of Section 8.14 and 7.01(C), shall constitute an "**Event of Default**" hereunder by the applicable party:

i. the failure of a party to perform, keep or observe, in all material respects, the covenants, conditions, obligations of such party under the Agreement;

ii. the making or furnishing by a party of any written representation, warranty, certificate, schedule, report or other communication within or in connection with this Agreement which, when made, is or was materially untrue or materially misleading in any material respect;

iii. the commencement of any proceedings in bankruptcy by or against a party or for its liquidation or reorganization, or alleging that such party is insolvent or unable to pay its debts as they mature, or for the readjustment or arrangement of a party's debts, whether under the United States Bankruptcy code or under any other state or federal law, now or hereafter existing for the relief of debtors, or the commencement of any analogous statutory or non-statutory proceedings involving such party; provided, however, that if such commencement of proceedings is involuntary, such action shall not constitute an Event of Default unless such proceedings are not dismissed within ninety (90) days after the commencement of such proceedings; or

iv. the appointment of a receiver or trustee for a party, for any substantial part of such party's assets or the institution of any proceedings for the dissolution, or the full or partial liquidation, or the merger or consolidation, of such

party; provided, however, that if such appointment or commencement of proceedings is involuntary, such action shall not constitute an Event of Default unless such appointment is not revoked or such proceedings are not dismissed within ninety (90) days after the commencement thereof.

B. Remedies.

i. *Village Remedies.* Upon the occurrence of an Event of Default, which continues after written notice thereof and the expiration of the applicable curative period without cure having been effectuated, the Village may pursue and secure any remedy available at law or equity, including without limitation: (a) compensatory damages, solely as it relates to uncured Events of Default under Section 6.01, Section 6.02 and Section 6.05, (b) specific performance, (c) self-help, (d) injunctive relief, and/or (e) suspend or terminate any payments under this Agreement.

ii. *Developer Remedies.* Upon the occurrence of an Event of Default, which continues after written notice thereof and the expiration of the applicable curative period without cure having been effectuated, the sole remedies of Developer shall be injunctive relief, specific performance, *mandamus*, or *quo warranto*.

iii. *Limitation on Damages.* Developer shall not be entitled to economic, consequential, incidental, preventative or punitive damages resulting from an Event of Default.

iv. *No Reimbursement if in Default.* Developer shall not be entitled to receive any reimbursement or portion of the Village Incentive if Developer is in Default and has failed to resolve any Default within the applicable curative period.

C. Curative Period. In the event a party to this Agreement shall fail to perform a monetary covenant which it is required to perform under this Agreement, notwithstanding any other provision of this Agreement to the contrary, an Event of Default shall not be deemed to have occurred unless that party has failed to perform such monetary covenant within thirty (30) days of its receipt of a written notice from the other party specifying that it has failed to perform such monetary covenant. In the event a party to this Agreement shall fail to perform a non-monetary covenant which it is required to perform under this Agreement, notwithstanding any other provision of this Agreement to the contrary, an Event of Default shall not be deemed to have occurred unless that party has failed to cure such default within sixty (60) days of its receipt of a written notice from the other party specifying the nature of this default; provided, however, with respect to those non-monetary defaults which are not capable of being cured within such sixty (60) day period, Developer shall not be deemed to have committed an Event of Default under this Agreement if it has commenced to cure the alleged default within such sixty (60) day period and thereafter diligently and continuously prosecutes the cure of such default until the same

has been cured, but in no event shall such cure period exceed one hundred eighty (180) days of its receipt of written notice from the other party specifying the nature of the default.

D. Non-Waiver. The failure of any party to this Agreement to insist upon strict and prompt performance of the terms, covenants, agreements and conditions herein contained, or any of them, upon any other party imposed, shall not constitute or be construed as a waiver or relinquishment of any parties' rights, to enforce any such term, covenant, agreement or condition, but the same shall continue in full force and effect. No waiver by either party shall be valid or binding on such party unless it is has been consented to in writing.

E. Cumulative Remedies. Unless expressly provided otherwise herein, the rights and remedies of the parties provided for herein shall be cumulative and concurrent and shall include all other rights and remedies available at law or in equity, may be pursued singly, successively or together, at the sole discretion of either party and may be exercised as often as occasion therefore shall arise.
