RE: Attorney Review for TIF Compliance
Village of Steger – TIF District No. 2 (Cook County 1)
Fiscal Year Ending December 31, 2024

Dear Comptroller Mendoza:

This letter confirms that the law firm of Del Galdo Law Group, LLC serves as legal counsel for the Village of Steger, Illinois (“Village”). At the request of the Village, we have reviewed the information and documentation provided by Village staff and the Village’s consultants concerning the administration of the above-referenced TIF District.

Based upon our review, and to the best of our knowledge and belief, it is our opinion that the Village of Steger has complied with the applicable requirements of the Illinois Tax Increment Allocation Redevelopment Act (65 ILCS 5/11-74.4-1 et seq.) with respect to the TIF District for the fiscal year ending December 31, 2024.

Sincerely,

Village Attorney

Independent Auditor's Report

Independent Auditor's Report

To the Honorable President
and Board of Trustees
The Village of Steger, Illinois

Report on the Financial Statements

We have audited the accompanying financial statements of the Village of Steger Cook Tax Increment Financing District #1 Fund (the Fund), a capital projects fund of the Village of Steger, Illinois, as of and for the year ended December 31, 2024, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Fund as of December 31, 2024, and the changes in their financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

We draw attention to Note 1, which explains that these financial statements present only the Fund and do not purport to, and do not, present fairly the financial position of the Village of Steger, Illinois as of December 31, 2024, or the changes in its financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

Other Matter

Management has omitted management's discussion and analysis and budgetary comparison that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, which considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinions on the basic financial statements are not affected by this missing information.

Notes to the Financial Statements
December 31, 2024

Note 1 - Significant Accounting Policies

The accounting policies of the Cook Tax Increment Financing District #1 ("TIF Funds"), for which the Village of Steger, Illinois (the "Village") board has oversight responsibility, conform to accounting principles generally accepted in the United States of America (GAAP) applicable to governmental units. The following is a summary of the significant accounting policies used by the TIF Funds:

Reporting Entity

The accompanying financial statements include the accounts of the TIF Funds for which the Village of Steger, Illinois board has oversight responsibility and are not intended to present fairly the financial position and results of operations of the Village as a whole.

The TIF Funds were established to account for transactions related to various capital projects within the municipality boundaries established by village ordinance. The Village intends to fund various expenditures of the projects and retire any debt issued for the project through property tax incremental revenue.

Accounting and Reporting Principles

The TIF Funds follow accounting principles generally accepted in the United States of America (GAAP), as applicable to governmental units. Accounting and financial reporting pronouncements are promulgated by the Governmental Accounting Standards Board.

Fund Accounting

The Village accounts for its various TIF Fund activities as capital projects funds in order to demonstrate accountability for how it has spent certain resources. The TIF Fund is classified as a governmental fund, which includes activities that provide general governmental services that are not business-type activities.

Capital Project Funds are used to account for the proceeds of specific revenue sources (property tax incremental revenue) that are legally restricted to expenditures for specified capital projects.

Basis of Accounting

The Village's funds use the current financial resources measurement focus and the modified accrual basis of accounting. This basis of accounting is intended to better demonstrate accountability for how the Funds have spent their resources.

Expenditures are reported when the goods are received or the services are rendered. Capital outlays are reported as expenditures (rather than as capital assets) because they reduce the ability to spend resources in the future; conversely, employee benefit costs that will be funded in the future (such as pension and retiree health care-related costs or sick and vacation pay) are not counted until they come due for payment. In addition, debt service expenditures, claims, and judgments are recorded only when payment is due.

Revenue is not recognized until it is collected or collected soon enough after the end of the year that it is available to pay for obligations outstanding at the end of the year. For this purpose, the Village considers amounts collected within 60 days of year end to be available for recognition. The following major revenue sources meet the availability criterion: property taxes associated with the current fiscal period.

Specific Balances and Transactions

Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, demand deposits, and short-term investments with a maturity of three months or less when acquired.

Village of Steger, Illinois
Cook Tax Increment Financing District #1
Notes to the Financial Statements (Continued)
December 31, 2024

Note 1 - Significant Accounting Policies (Continued)

Fund Balance Flow Assumptions

The Village will sometimes fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the government's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Furthermore, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

Property Tax Revenue

Property taxes attach as an enforceable lien on January 1 of the levy year. They are levied in December (by passage of a tax levy ordinance). Tax bills are prepared by Cook County as follows: issued on or about May 1 and are payable in two installments, on or about March 1 and August 1. The County collects such taxes and remits them periodically to the Village.

Property taxes receivable (net of allowance for uncollectible amounts based on prior history) are recorded at the time of the enforceable lien. The 2023 levy was recorded as revenue in 2024.

The Village does not record a receivable for property taxes related to the tax increment financing (TIF) districts. Due to the nature of TIF revenue, the Village does not levy a direct tax upon the districts. Instead, the property taxes are based solely upon the incremental increase in the property value, utilizing the tax rates of all the taxing bodies whose boundaries encompass the districts. As such, the Village cannot reasonably estimate the receivable and records the revenue on the cash basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

Note 2 - Deposits And Investments

State statutes and the Village's investment policy authorize the Village to make deposits/investments in commercial banks, savings and loan institutions, obligations of the U.S. Treasury, GNMA's, Federal Home Loan Bank, bank-managed money market funds, Illinois Funds and the Illinois Metropolitan Investment Fund.

Fund Deposits

At year end, the carrying amount of the TIF Fund deposits as well as the bank balance totaled \$193,935.

Custodial Credit Risk of Bank Deposits

Custodial credit risk is the risk that in the event of a bank failure, the TIF Fund's deposits may not be returned to it. As of December 31, 2024, the TIF Fund's deposits were either FDIC insured or were collateralized with securities held by an independent third-party institution and pledged to the Village.

Village of Steger, Illinois
Cook Tax Increment Financing District #1
Notes to the Financial Statements (Continued)
December 31, 2024

Note 3 - Tax Increment Revenue Pledged and TIF Obligations

The Village has entered into redevelopment agreements with multiple developers of various projects within the Village's TIF districts. The agreements provide for the capture by the Village of incremental taxes from the properties for a period not to extend beyond December 31st of the year following the twenty-third (23rd) year from the date of designation of the Redevelopment Project Area. The incremental taxes so captured by the Village shall be utilized as described in the Redevelopment Agreement, including pledges to repay TIF obligations. The Village is liable only to the extent that the Village receives such incremental property taxes.

On November 15, 2006, the Village issued \$496,609 of Senior Lien Tax Increment Revenue (Capital Appreciation) Bonds, Series 2006. The remaining outstanding bonds totaling \$279,729 at December 31, 2024, are to be retired in annual installments ranging from \$65,000 to \$300,000, beginning November 15, 2018 through November 15, 2026. Interest is payable semiannually and is added to the principal balance due 10%. The bonds are payable from the Cook TIF 2 Fund.

On November 15, 2006, the Village also issued a \$66,000 Junior Lien Tax Increment Revenue Note, Series 2006-A. The note matures November 15, 2026, and accrues interest at 13% until principal is paid. Payments are due November 15 annually to the extent that incremental taxes are on deposit with the Village.

Both the 1998 and 2006 Junior Lien Notes are subordinate to their respective senior lien bonds. The senior and junior liens are each payable from the same incremental revenues generated by their respective redevelopment areas. Since the amount of those taxes is uncertain, with payments on the junior lien notes delayed until sufficient net incremental property taxes have been collected, no repayment schedule has been calculated for the junior lien notes. The order of payment on both junior lien notes from all available monies shall be as follows:

- a) To pay for previously accrued interest on the Junior Lien Note
- b) To pay for current interest on the Junior Lien Note
- c) To pay mandatory redemption of principal on the Junior Lien Note

The Village also has two notes with developers to reimburse them for approved redevelopment costs. The first was entered into in 2005 for a maximum amount of \$1,104,172, and the second in 2011 for a maximum amount of \$70,000. The second note was paid in full in 2019. Both notes provide annual payments of 75% of incremental taxes from the redevelopment area. The remaining amount due at December 31, 2024, was \$97,047. Since the amount of incremental taxes is uncertain, no repayment schedule has been calculated for these notes.

Legal Debt Extinguishment

On March 2, 1998, the Village issued a \$337,272 Junior Lien Tax Increment Revenue Note, Series 1998-A. The note matured November 15, 2017, and accrued interest at 15% until principal is paid. Payments are due November 15 annually to the extent that incremental taxes are on deposit with the Village. The Senior TIF Lien Bonds associated with this note were paid off in 2017.

On December 31, 2024, the Village legally extinguished its outstanding TIF Junior Lien Note Series 1998-A, with an original principal amount of \$337,272. The debt was legally extinguished as no future revenue or activity is expected from the associated financing source, eliminating the need to maintain the obligation.

This transaction qualifies as a legal extinguishment under GASB Statement No. 86, *Certain Debt Extinguishment Issues*, as the City has been legally released from being the primary obligor on the debt.

Note 4 – Tax Incentives and Abatements

As of December 31, 2024, the Village of Steger, Illinois provides tax incentives under the *Tax Increment Allocation Redevelopment Act*. The Village uses Tax Increment Allocation Redevelopment Act 65 ILCS 5/11-74.4-1 to, among other things, finance infrastructure redevelopment projects that retain, expand and create employment opportunities within the Village's TIF districts; increase industry and commerce within the State of Illinois; increase the tax base and eradicate potentially blighting conditions through the use of tax increment allocation financing for economic redevelopment. Under the TIF program, the Village authorizes incentives through passage of public ordinances based upon each business' investment criteria, and through a contractual redevelopment agreement with each business, including, among other things, a proposed TIF budget outlining the project and proof that the project and improvements have been made. Parcels located within a TIF District receive a property tax bill as well as any normal increase in the property tax bill; however, the increase or increment from the time the TIF is adopted and certified comes back to the Village to be used within the TIF District for the TIF eligible costs, some of which are described above. A portion of the agreed-upon amount of increment is rebated to the developer for the TIF-eligible costs in accordance with the signed and adopted Redevelopment Agreement. For the year ended December 31, 2024, the Village's property tax revenue was not reduced but was segregated by virtue of the TIF base value and the incremental property taxes collected.

Independent Auditor's Report on Compliance

To the Board of Trustees of
The Village of Steger, Illinois

We have audited, in accordance with auditing standards generally accepted in the United States of America, the financial statements of the Cook Increment Financing District #1 (the "TIF Fund") of the Village of Steger, Illinois (the "Village") as of and for the year ended December 31, 2024, and the related notes to the financial statements and have issued our report thereon dated October 16, 2025.

In connection with our audit, nothing came to our attention that caused us to believe that the TIF Fund failed to comply with the regulatory provisions in Subsection (q) of Section 11-74.4-3 of the Illinois Tax Increment Allocation Redevelopment Act as it relates to eligibility for costs incurred incidental to the implementation of the TIF Fund of the Village. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the TIF Fund's noncompliance with the above-referenced regulatory provision, insofar as they relate to accounting matters.

This report is intended solely for the information and use of the Village's board of trustees, management, and the State of Illinois and is not intended to be and should not be used by anyone other than these specified parties.
